

**REMARKS**

On 02/26/2002 Applicant received a NOTICE OF OMITTED ITEM(S) IN A NONPROVISIONAL APPLICATION mailed on 02/19/2002 pointing out that the page numbering of Applicant's patent application went from page number 11 to page number 13 thereby indicating that page 12 had been inadvertently omitted from the original application as filed. Applicant has provided the Examiner with a corrected last page of the originally filed application. No other changes have been made to the patent application as originally filed.

Applicant points out that the patent application as filed consisted of a total of 12 pages and that the last page of the original application (the Abstract) was incorrectly numbered as page 13 and should have been numbered as page 12. Applicant has corrected the page number. Applicant respectfully requests that the Examiner enter the change and allow the case to proceed to formal examination.

No additional fee is believed to be required for this amendment. However, the undersigned Xerox Corporation attorney (or agent) hereby authorizes the charging of any necessary fees, other than the issue fee, to Xerox Corporation, Deposit Account No. 24-0025.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Philip E. Blair", is written over a horizontal line.
